Above you find a specimen impression of the stamps used by the Icelandic customs authority for the endorsement of movement certificate EUR.1 and EUR-MED. The layout displayed is used for stamps throughout the country, but the stamp numbers identify the various customs offices in different regions of the country. Thus, the number "1" appearing in the stamp is just an example. The 19 different Icelandic stamp numbers in use are listed below.

All requests for subsequent verification of proofs of origin issued in Norway under the FTA should be sent to the following address:

<u>In Norwegian:</u>	post@toll.no eller Tolletaten Vareførselsdivisjonen v/ Oppfølgingsavdelingen Postboks 2103 Viken 0125 OSLO Norge

Specimen impression of the stamps used for the issue of movement certificates EUR I and EUR-MED

Above you find specimen impressions of stamp used by the Norwegian customs authority when endorsing movement certificates EUR.1 and EUR-MED for Norwegian exporters. It should be added that all customs offices in Norway are authorised to stamp (endorse) movement certificates EUR.1 and EUR-MED upon exportation of originating products to a partner country. The customs stamps to be used have the same layout throughout the country, however, the code-number varies, identifying the different customs offices. Thus, the numbers "1601" and "Oslo no. 12" appearing in the stamps are just examples.

Electronic EUR.1

Norwegian Customs introduced electronic EUR.1 on 2 April 2020. Below is a specimen impression of the red box located on the bottom left and upper right side of the certificate with the unique reference number and the date and time of issuance.

Furthermore, the Swiss Cross is placed on the left-hand side of the word "ZOLLAMT" (German language, example 1) and "ZOLL" (German language, example 5) respectively on the right-hand side of the word "DOUANE" (French language, example 2) and "DOGANA" (Italian language, example 3). The stamps of the two District Directorates of Basel and Geneva do not have a Swiss Cross (examples 4 and 6).
